

Decision -/CMA.3

Glasgow Climate Pact

The Conference of the Parties serving as the meeting of the Parties to the Paris Agreement,

Recalling Article 2 of the Paris Agreement,

Also recalling decisions 3/CMA.1 and 1/CMA.2,

Noting decision -/CP.26,¹

Recognizing the role of multilateralism in addressing climate change and promoting regional and international cooperation in order to strengthen climate action in the context of sustainable development and efforts to eradicate poverty

the rights of indigenous peoples, local communities, migrants, children, persons with disabilities and people in vulnerable situations and the right to development, as well as gender equality, empowerment of women and intergenerational equity,

Noting the importance of ensuring the integrity of all ecosystems, including in forests, the ocean and the cryosphere, and the protection of biodiversity, recognized by some cultures as Mother Earth, and *also noting*

Recognizing the important role of indigenous peoples, local communities and civil society, including youth and children, in addressing and responding to climate change, and *highlighting* the urgent need for multilevel and cooperative action,

I. Science and urgency

1. *Recognizes* the importance of the best available science for effective climate action and policymaking;
2. *Welcomes* the contribution of Working Group I to the Intergovernmental Panel on Climate Change Sixth Assessment Report² and the recent global and regional reports on the

Conference of

state of the climate from the World Meteorological Organization, and *invites* the Intergovernmental Panel on Climate Change to present its forthcoming reports to the Subsidiary Body for Scientific and Technological Advice in 2022;

3. *Expresses alarm and utmost concern* that human activities have caused around 1.1 °C of warming to date, that impacts are already being felt in every region, and that carbon budgets consistent with achieving the Paris Agreement temperature goal are now small and being rapidly depleted;

4. *Recalls* Article 2, paragraph 2, of the Paris Agreement, which provides that the Paris Agreement will be implemented to reflect equity and the principle of common but differentiated responsibilities and respective capabilities in the light of different national circumstances;

5. *Stresses* the urgency of enhancing ambition and action in relation to mitigation, adaptation and finance in this critical decade to address the gaps in the implementation of the goals of the Paris Agreement;

II. Adaptation

6. *Notes with serious concern* the findings from the contribution of Working Group I to the Intergovernmental Panel on Climate Change Sixth Assessment Report, including that climate and weather extremes and their adverse impacts on people and nature will continue to increase with every additional increment of rising temperatures;

7. *Emphasizes* the urgency of scaling up action and support, including finance, capacity-building and technology transfer, to enhance adaptive capacity, strengthen resilience and reduce vulnerability to climate change in line with the best available science, taking into account the priorities and needs of developing country Parties;

8. *Welcomes* the adaptation communications and national adaptation plans submitted to date, which enhance the understanding and implementation of adaptation actions and priorities;

9. *Urges* Parties to further integrate adaptation into local, national and regional planning;

10. *Requests* Parties that have not yet done so to submit their adaptation communications in accordance with decision 9/CMA.1 ahead of the fourth session of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (November 2022) so as to provide timely input to the global stocktake;

11. *Recognizes* the importance of the global goal on adaptation for the effective implementation of the Paris Agreement, and *welcomes*

III. Adaptation finance

14. *Notes with concern*

targeted support to the poorest and most vulnerable in line with national circumstances and recognizing the need for support towards a just transition;

37. *Invites* Parties to consider further actions to reduce by 2030 non-carbon dioxide greenhouse gas emissions, including methane;

38. *Emphasizes* the importance of protecting, conserving and restoring nature and ecosystems to achieve the Paris Agreement temperature goal, including through forests and other terrestrial and marine ecosystems acting as sinks and reservoirs of greenhouse gases and by protecting biodiversity, while ensuring social and environmental safeguards;

39. *Recognizes* that enhanced support for developing country Parties will allow for higher ambition in their actions;

48. *Re-emphasizes* the need for scaled-up financial resources to take into account the needs of those countries particularly vulnerable to the adverse effects of climate change, and in this regard *encourages* relevant multilateral institutions to consider how climate vulnerabilities should be reflected in the provision and mobilization of concessional financial resources and other forms of support, including special drawing rights;

49. *Welcomes with appreciation* the initiation of deliberations on a new collective quantified goal on climate finance, and *looks forward* to the ad hoc work programme established under decision -/CMA.3⁷

60. *Emphasizes* the importance of strengthening cooperative action on technology development and transfer for the implementation of mitigation and adaptation action, including accelerating, encouraging and enabling innovation, and the importance of predictable, sustainable and adequate funding from diverse sources for the Technology Mechanism;

VI. Loss and damage⁹

61. *Acknowledges* that climate change has already caused and will increasingly cause loss and damage and that, as temperatures rise, impacts from climate and weather extremes, as well as slow onset events, will pose an ever-greater social, economic and environmental threat;

62. *Also acknowledges* the important role of a broad range of stakeholders at the local, national and regional level, including indigenous peoples and local communities, in averting, minimizing and addressing loss and damage associated with the adverse effects of climate change;

63. *Reiterates* the urgency of scaling up action and support, as appropriate, including finance, technology transfer and capacity-building, for implementing approaches for averting, minimizing and addressing loss and damage associated with the adverse effects of climate change in developing country Parties that are particularly vulnerable to these effects;

64. *Urges* developed country Parties, the operating entities of the Financial Mechanism, United Nations entities and intergovernmental organizations and other bilateral and multilateral institutions, including non-governmental organizations and private sources, to provide enhanced and additional support for activities addressing loss and damage associated with the adverse effects of climate change;

65. *Recognizes* the importance of demand-driven technical assistance in building capacity to implement approaches to averting, minimizing and addressing loss and damage associated with the adverse effects of climate change;

66. *Welcomes* the further operationalization of the Santiago network for averting, minimizing and addressing loss and damage associated with the adverse effects of climate change, including the agreement on its functions and process for further developing its institutional arrangements;

69. *Further decides* that the body providing secretarial services to facilitate work under the Santiago network to be determined in accordance with paragraph 10 of decision -/CMA.3¹² will administer the funds referred to in paragraph 67 above;

70. *Urges* developed country Parties to provide funds for the operation of the Santiago network and for the provision of technical assistance as set out in paragraph 67 above;

71. *Acknowledges* the importance of coherent action to respond to the scale of needs caused by the adverse impacts of climate change;

72. *Resolves* to strengthen partnerships between developing and developed countries, funds, technical agencies, civil society and communities to enhance understanding of how approaches to averting, minimizing and addressing loss and damage can be improved;

73. *Decides* to establish the Glasgow Dialogue between Parties, relevant organizations and stakeholders to discuss the arrangements for the funding of activities to avert, minimize and address loss and damage associated with the adverse impacts of climate change, to take place in the first sessional period of each year of the Subsidiary Body for Implementation, concluding at its sixtieth session (June 2024);

74. *Requests* the Subsidiary Body for Implementation to organize the Glasgow Dialogue in cooperation with the Executive Committee of the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts;

VII. Implementation

75. *Resolves* to move swiftly with the full implementation of the Paris Agreement;

76. *Welcomes* the start of the global stocktake, and *expresses its determination* for the process to be comprehensive, inclusive and consistent with Article 14 of the Paris Agreement and decision 19/CMA.1, in the light of paragraph 5 above;

77. *Encourages* the high-level champions to support the effective participation of non-Party stakeholders in the global stocktake;

78. *Recalls* the Katowice climate package, and *welcomes with appreciation* the completion of the Paris Agreement work programme, including the adoption of decisions on the following:

(a) Common time frames for nationally determined contributions referred to in Article 4, paragraph 10, of the Paris Agreement (decision -/CMA.3);¹³

(b) Methodological issues relating to the enhanced transparency framework for action and support referred to in Article 13 of the Paris Agreement (decision -/CMA.3);¹⁴

(c) Modalities and procedures for the operation and use of a public registry referred to in Article 4, paragraph 12, of the Paris Agreement (decision -/CMA.3);¹⁵
