Although every effort has been made to ensure accuracy, neither the NFU nor the author can accept liability for errors and or omissions.  $\circledcirc$  NFU

## General comment s

The NFU notes that the current Green Gas Support Scheme for anaerobic digestion (AD) has had a slow start, with just a single project currently registered for support, and that the g (en-GB)/eWħ.998 (r)-2.998 ()-2

generous tax allowances on a broad range of low-carbon energy items relevant to AD, including plant, equipment, buildings and infrastructure.

Q3. In your view, what are the most important barriers to market growth that need to be addressed and

Q8. What are the benefits and risks associated with the different approaches (to Time Horizon, Scope
